

How to set up microSD card record and playback

1) Insert the microSD card to the camera

Mini IP Camera

PT Indoor IP Camera

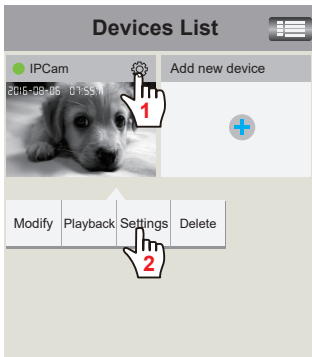

Outdoor IP Camera

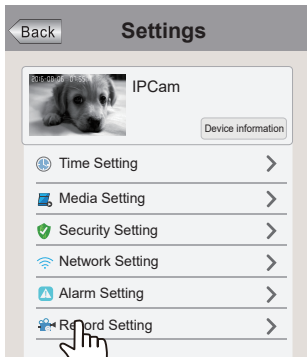

2) microSD card format and record setting

Log in "ifcam" App and follow the steps: Setting -> Record Setting -> SD card Formatting-> Record Switch

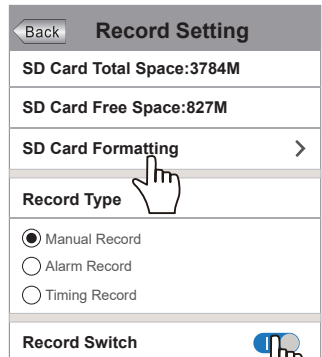

(Note: The App can't format 64GB and 128GB MicroSD card directly, so you need format 64, 128GB MicroSD card via SD card reader on PC.)
